APOLLO-15 ASTRONAUTS COMPLETE LUNAR MISSION

After a final excursion along Hadley Rille, a 1,200 foot deep canyon, this morning, Apollo 15 moon explorers Scott and Irwin returned to their lunar module around 9 a.m. Scott parked the vehicle 300 feet from the "Falcon" so that the car's camera will be able to give the world its first live view of the lunar module's blast-off from the moon. Lift-off is scheduled at 1:09 p.m. today. Later on, the astronauts will reunite with Worden on board the "Endeavor" after 3 p.m. On their long journey back, Worden is scheduled to take man's first "walk" in deep space. The "Endeavor" is scheduled to splashdown Saturday afternoon, August 7.
